

ACT ON WIDENING ELEVENTH STREET

Southwest Improvement Association to Appoint Committees to Canvass Property Owners.

NUMBER OFFERING TO DEDICATE

Plans for Two Storm Drains to Carry Water from Twelfth Street Are Made at Meeting.

Definite steps were taken by the Southwest Improvement association last night to open Eleventh street from Eighteenth avenue south to Rock river and for two storm drains which will divert the storm water south from the city instead of north, as it drains at present. The action of the association in these matters follows:

Instructed President Charles Guldenzopf to appoint a committee of three to canvass property owners along the proposed route of Eleventh street to secure consent to dedicate land for the highway.

Received announcement from a number of property owners present at the session that they would deed part of their property to the city for the thoroughfare.

Decided to petition the Rock Island municipal board of local improvements to start a project for a storm drain to be installed west from Twelfth street on Ashlar to Ninth street, south on Ninth to Hennepin, and thence west to the slough.

Approved plan of petitioning board of local improvements to start project of constructing storm drain west from Twelfth street on Aiken to Ninth street, south on Ninth street to either

YOUR HAIR REQUIRES AN OIL SHAMPOO

Imagine a plant trying to grow in a flower pot with a heavy object pressing down upon it. It would soon die. That's what dandruff does to the delicate hair plants. It seals up the top of the hair cells and prevents new hair from coming through and it smoothes the roots of the old hair causing it to fall. Ordinary soaps and shampoos contain free alkali that eats the natural oil of the hair which dissolves the fatty roots of the hair which when once destroyed cannot be restored.

EVERY WEEK ANTI-SEPTIC OIL SHAMPOO does not attack the natural oil of the hair nor the hair roots. It produces a rich creamy lather which cleanses the hair and scalp thoroughly, dissolving and removing dandruff (dry or oily) which chaps the hair cells. It leaves the hair soft, fluffy and lustrous.

Every bottle is sold with a guarantee to give perfect satisfaction to men, women and children. Large bottle holding 64 teaspoonfuls 50c.

For sale by Harper House Pharmacy and other good druggists.

Webb or Hendrix streets and thence west into the slough.

The session was held at Kennedy's store, 1101 Twenty-first avenue, and was attended by a large number of property owners in the new territory. Mayor McConochie, Commissioners Rudgren, Liedtke and Murrin, City Attorney J. K. Scott and City Engineer Wallace Treichler were present at invitation of the association. Owing to illness Commissioner Juhl was unable to attend.

For many months the association has advocated opening of Eleventh street and offered city authorities co-operation in steps looking towards the extension of the highway to Rock river. Owing to matters involving the territory and its improvements pending in court city officials advised that the association wait until such time as the litigation was settled.

The matter was brought up last night and a number of property owners offered to dedicate property to the city for the widening of the street. Practically every property owner present was enthusiastic over the plan and it was stated at the meeting that the increased value the street would bring to property in the new territory would more than repay the free holders for the land given.

Members of the Southwest Improvement association decided that a canvass of other property owners on the street would be advisable to determine the general sentiment among them as to opening the street. It is believed that practically everybody on the highway will agree to cooperate to open the thoroughfare. President Guldenzopf was instructed to appoint a committee of three men to make the canvass.

To Divert Water South.

Property owners expressed concern over drainage problems when the Twelfth street paving is laid. The question consumed the greater part of discussion at the meeting. Property owners asked that municipal authorities cooperate with them in steps to provide storm drains to carry the water from the street.

Decision on the storm drains was reached later in the meeting. It is thought that the two improvements will be adequate to carry all storm water that washes from the hills. The two improvements when completed will prove a big benefit to the entire west end of the city. At present the storm water flows north and enters the sewer near Eighteenth avenue. The proposed storm drains will carry it into the slough at points further south.

Notice of Sale of Water Tank.

Bids will be received 9 a. m. March 21, 1916, at the mayor's office, Rock Island, Ill., for the purchase of the water tank near Tenth avenue and Thirtieth street. Purchaser will be required to file a surety bond in amount of \$1,000 to insure the city against all liabilities for injuries and damages, and to guarantee the removal of the tank within six weeks from date of purchase. The city reserves the right to reject any or all bids.

WILLIAM MC CONOCHIE, Mayor.

ASSIGN \$22,000 PAVING CONTRACT

Rock Island Board of Local Improvements Awards Eighth Avenue Job to Tri-City Company.

FOUR CONCERNS SUBMIT BIDS

Thoroughfare Is to Be Improved From Ninth to Nineteenth Street, 24 Feet in Width.

Contract for the Eighth avenue paving job, \$22,000 project, was today awarded to the Tri-City Construction company by the Rock Island municipal board of local improvements.

The Tri-City company's offer for brick was somewhat lower than that in other contracts let thus far this year, the concern submitting a bid of \$1.99 per square yard. The offer for concrete curb is 40 cents per foot and for excavations 40 cents per cubic yard.

Three other concerns asked for the contract. The D. E. Keeler Construction company submitted an offer of \$2.03 for brick paving, the Independent Construction company \$2.03 1/2 and the Central Engineering company \$2.04. The McCarthy improvement company, which has been low bidder on practically all contracts awarded thus far this year, did not submit an offer.

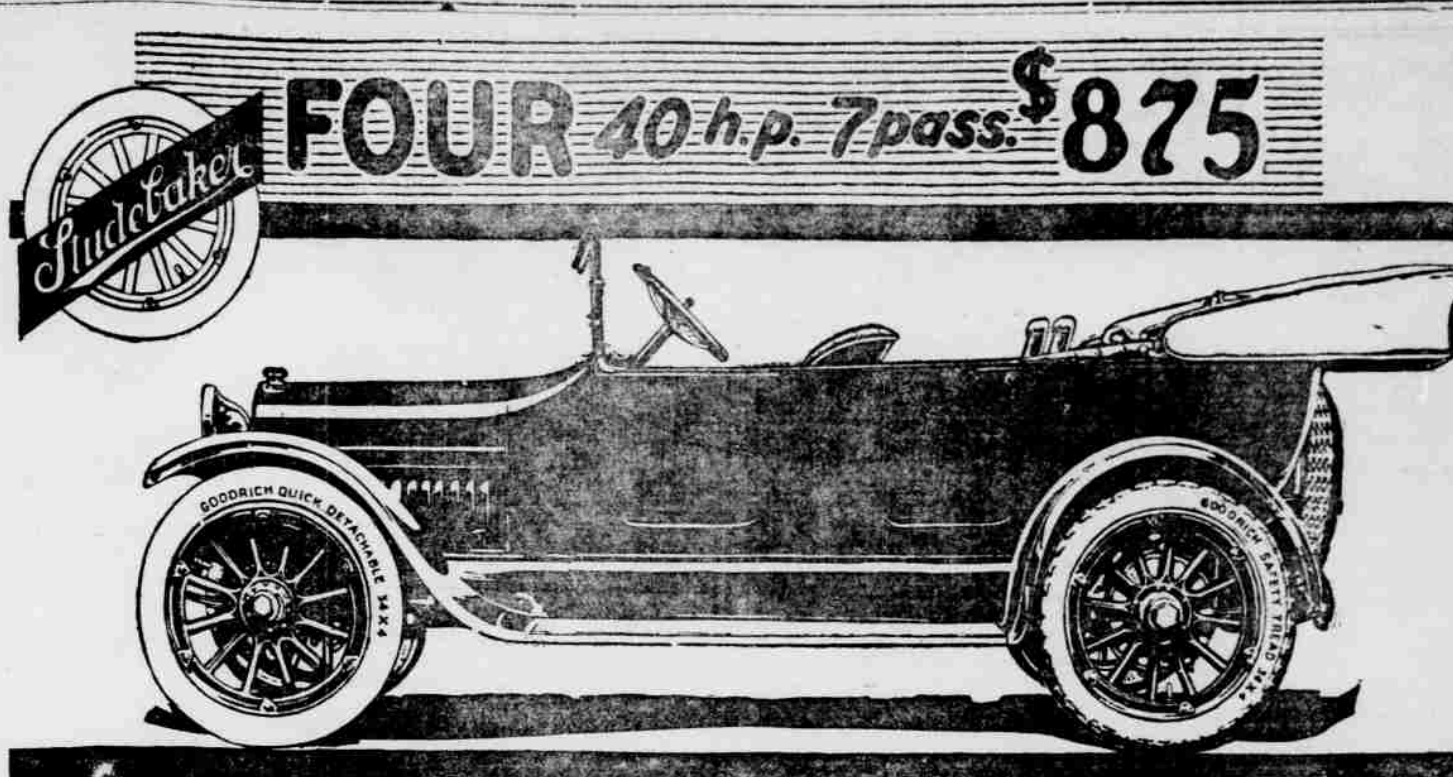

Improved Ten Blocks.

Eighth avenue is to be improved from Ninth to Nineteenth street. It is paved at present from Nineteenth to Twenty-first streets and when the proposed project is completed it will be improved from Ninth to Twenty-first streets. The street will be 24 feet wide.

MOLINE IS HUMBLER BY DUQUOIN QUINTET

Crippled by the loss of Rohwer, who was sent out for four personal fouls, and bewildered by the restrictions Weiderquist put on his playing, due to the fact that three personals had already been called upon him, the Moline high school, contenders for state basketball championship honors, were humbled by the Duquoin quintet at Decatur last evening, their defeat eliminating them from the tournament now in progress in that city. Moline led at the end of the first half, score being 12 to 10. In the second frame the downstate lads improved their game, while the maroon and white, bewildered by the restrictions placed upon their play by the officials, slumped miserably. Duquoin, however, put up a brilliant game and their defeat by Moline would be a matter of doubt even had the latter team been at its best. Results of last evening's games:

Duquoin, 39; Moline, 15.
Bloomington, 16; Joliet, 11.
Springfield, 18; Rockford, 11.
Robinson, 24; East Aurora, 19.

NEW SERIES 17

The new Studebaker models sum up all the resources of the great Studebaker manufacturing organization—experience, efficient capability, unlimited factory equipment—and this means the last word in automobile designing, materials and workmanship.

Refinements have been incorporated in the new models and they now stand supreme as typical exemplars of the highest achievement of one of the world's great manufacturers of motor cars.

Owing to enormously increased volume and the unrivaled manufacturing facilities that Studebaker possesses, the prices are remarkably low for cars of such quality. But it must always be remembered that Studebaker price is never a measure of Studebaker quality—that it has always been Studebaker policy to produce the highest grade possible without regard to price—that such low prices are possible only by reason of Studebaker leadership and superiority in equipment.

\$500 DAMAGES IN REYNOLDS BLAZE

Interior of House Belonging to Mrs. Ethel Lee, Rock Island, Gutted by Fire.

(Special to The Argus.)

Reynolds, Ill., March 11.—Damage to the extent of about \$500 was done to a two-story frame dwelling here when it caught fire yesterday afternoon about 4:30. The structure was the property of Mrs. Ethel Lee, Rock Island.

In the house at the time of the blaze were the three small children of Mr. and Mrs. Clifford Bridgford, who were just moving to this place from Gilchrist and who had gone for a load of household goods. Fire started in the kitchen, from an overheated stove, it is believed, and spread rapidly. Interior of the building was badly gutted, but the walls are standing and it is probable the structure can be repaired.

IN MOLINE LODGES

Swthlods of Prej lodge No. 16 received a number of applications at the meeting last evening and made plans for the 15th anniversary celebration of the inception of the organization in Moline. During the decade and a half that it has been here, Prej lodge has become one of the strongest fraternal organizations of the city, and members plan to properly commemorate this in the celebration. Next Saturday evening has been set as the date. Grand Lodge Officer-Sandgren will be present at that time. A program is being worked out at present. Dancing and refreshments will be principal attractions later in the evening.

A large number are expected to attend the entertainment which will be given by Fridhem lodge No. 16, I. O. S., this evening. Rev. Alfred Lindberg will be speaker.

Degree staff of Moline lodge No. 235, L. O. M., assisted in the initiation of 10 candidates at the East Moline lodge meeting in Majestic hall last evening. This is the second big initiation of the East Moline Moose within the last few weeks, the lodge

having been recently built up by George Collis, organizer. East Moline Moose have leased the Majestic hall for the ensuing year and have established club rooms there. The first social event will be a dance the evening of Wednesday, March 15.

Preparations for the supper, to be given in Swedish Olive hall, March 28, were made at the meeting of Swedish Olive Rebekah lodge No. 543, I. O. O. F., last evening. Regular business was also transacted and a sociable was enjoyed after this.

TO CLOSE TAX BOOKS IN NEXT TWO WEEKS

Rock Island Township Tax Collector Ernest Russ announces that approximately \$150,000 has been collected to date, leaving about \$300,000 yet to be taken in. The local office in the People's National bank building will be kept open until Saturday, March 25, when the books will be closed and taken to the court house. The Illinois state law specifies March 10 as the closing date, but Collector Russ has granted this extension of time. In spite of the large amount to be paid in yet, Mr. Russ states that the small property owners have been coming in earlier than last year, as more receipts have been made out. Most of the large corporations and business houses in the city have not paid, but Mr. Russ is going to make an effort to get them in next week.

CLARKE ARTISTS IN PLEASING PROGRAM

C. Edward Clarke, baritone, and his company of artists rendered a musical program at Augustana college last evening which was one of the best which has been produced by the lyceum of the school this year. The work of the musicians won instantaneous approval and the encore numbers were equally as good as those on the regular program. Earl Victor Prahl at the piano and Rachel Steinhilf at the violin and her delightful violin solo, assisted materially in maintaining the high reputation which the company has won. The concert was largely attended.

For Township Collector. I hereby announce my candidacy for the office of township collector for Rock Island township, subject to the republican township convention, March 17, and solicit the support of my friends.

W. H. CARPENTER.

ECZEMA CAN BE CURED Free Proof To You

All I want is your name and address and I can send you a free trial treatment. I want you just to try this treatment—that's all—just try it. That's my only argument.

I've been in the drug business in Fort Wayne for 29 years, nearly everyone knows me and knows about my successful treatment. Over three thousand people outside of Fort Wayne have, according to their own statements, been cured by this treatment since I first made this offer public.

If you have Eczema, Itch, Salt Rheum, Tetter—never mind how bad—my treatment has cured the worst cases I ever saw—give me a chance to prove my claim.

Send me your name and address on the coupon below and get the trial treatment I want to send you FREE. The wonders accomplished in your own case will be proof.

CUT AND MAIL TODAY

J. C. HUTZELL, Druggist, 971 West Main St., Fort Wayne, Ind.

Please send without cost or obligation to me your Free Proof Treatment.

13 OILS ANYTHING CLEANS POLISHES EVERYTHING PREVENTS RUST EVERYWHERE

3-in-One has been for 18 years the Old Reliable, largest-selling home and office oil. It is light enough to oil a watch; heavy enough to oil a lawn mower. On a soft cloth it becomes an ideal furniture polish. Makes a yard of cheese cloth the best and cheapest Duster-Dusting Cloth. And 3-in-One absolutely prevents rust or tarnish on all metal surfaces, indoors and out, in any climate. Free 3-in-One. Write today for generous free sample and the Dictionary of Uses—both free to you. 3-in-One is sold everywhere in 3-size bottles: 1c (1 oz.), 25c (3 oz.), 50c (8 oz.), 75c (1 qt. for 1/2 dollar). Also in patented Handy Oil Can, 25c (3 1/2 oz.).

3-IN-ONE OIL COMPANY 42 DA BROADWAY NEW YORK CITY

The Beer That Satisfies

the beer that refreshes and restores energy; the beer that quenches thirst best of all. Used on the table, it means better appetite and better digestion. Used hospitably, it is ideal for promoting sociability and good fellowship. You surely should have a case of our beer at your house.

ROCK ISLAND BREWING CO.

You Know the Worth of This Paige

Here is the Paige Fleetwood "Six-38". It is the five-passenger Paige—and its price is \$1050.

The beauty, the luxury, the elegance of the upholstery you can see for yourself.

The POWER, the flexibility, the buoyancy and liveliness of this motor will amaze and thrill you when you ride in this luxurious five-passenger car.

So, first consider the car. Then consider the name, the prestige, the guarantee, the national supremacy of the Company back of the car.

You KNOW that there are no new, radical unproved engineering theories in Paige Cars. You KNOW that Paige refuses to market an experiment.

You KNOW that, being a Paige, this Fleetwood "Six-38" is just as sound, just as supreme in

value and quality as the Fairfield "Six-46" (\$1295) which is admittedly without a superior in the Light Six field.

You KNOW that Paige is best and, therefore, the safest, soundest, sanest investment.

The cost of labor and materials is constantly increasing. But Paige flatly refuses to compromise Paige Quality.

Of one thing you can be certain. The price of the Fleetwood will never be less than \$1050 and the price of the Fairfield will never be less than \$1295. But we cannot undertake to guarantee against an advance. Therefore, for your own protection we urge you to buy your Paige NOW.

Five-passenger Fleetwood "Six-38"—\$1050.

Seven-passenger Fairfield "Six-46"—\$1295.
